

Online Ancestor Healing Circles

Come, gather, listen to the wisdom
of your ancestors in good company...

What? Three online Ancestor Healing circles with a maximum of eight people. The circles will focus around two practices in which you are invited to work with your guides and helpers on your lineage of focus, and the step you are on in the healing process. There will be the chance for Q&A and debriefing.

Why? Circles can be a potent way of working together in a group setting, while still focusing on your particular lineage and step. Circles are differently powerful to one to one ancestral healing sessions and multi-day intensives.

Where? Online, via Zoom.

Who? For anyone who's begun healing a lineage in the ancestral healing approach as taught by Dr. Daniel Foor at [Ancestral Medicine](https://www.kamalamani.co.uk/about). Initial booking priority given to those who have already been participating in circles.

Led by? Emma Palmer. I'm an Ancestral Healing practitioner, Ancestral Healing trainee teacher, long-term psychotherapist and practicing Buddhist. More background here: <https://www.kamalamani.co.uk/about>

When? Three Wednesday afternoons, 3.30 – 5-ishpm London time (GMT/UTC) on 11th Nov, 9th Dec, and 13th Jan 2027. The circle will be a closed group for these three meetings, rather than a drop in.

£\$€. £60 if you book all three up front. Please ask about concessions. I accept payment via direct bank payment and via the Wise app for overseas payments.
